

## HOTEL RICHLANDS

Located in Richlands, Virginia, the Hotel Richlands was built by the Clinch Valley Iron and Coal Company in the 1880's. This 60-room hotel was once compared to the Waldorf Astoria of its time. The Richlands Land Company promoted the "rich lands" full of natural resources and coal reserves. The hotel later served as Old Dominion College, then as the site of the Mattie Williams Hospital, and eventually the site of Richlands Town Hall.
